

REFINA FORCED ACTION MIXERS

REFINA Tub Mixers

REFINA tub mixers are designed for use in factories and on site mixing heavy bodied coatings, cements, mortars, resins, solid surface materials and pastes paints, fluids, chemicals, glazes, clay slips, gelcoats and resins

The range includes the top entry Automix and the rotary tub ROTAMIXERS

For flammable materials, can be produced with air powered motors

Tub Mixers

- heavy duty forced action mixers
- thorough centrifugal turn & fold mix action
- easy to clean & maintain
- produced with either plastic tubs or metal drums
- with heavy duty 110, 230 or 415 volt motors
- air powered motor option available
- stainless steel mixer paddles
- fast, thorough, consistent mixing
- prompt nationwide collect and repair service
- full service backup & economic spares prices
- ROTAMIXERS are produced in UK
- paddles for liquids, powders & heavy materials
- cements, epoxies, paints, adhesives & chemicals

AUTOMIX TUB MIXERS

- top entry mixers
- powerful motors
- heavy duty gearboxes
- mixes continuously & quickly
- powders & coatings

Automix are top entry paddle mixers that use slow speed high torque motors to mix powders and coatings

The motor units are fixed in a rigid wheeled frame and the mixer head raised to remove the tub

The 90 ltr Automix includes a tub trolley to move the mix tub around site

The mixers are compact and fit into the back of an estate car or small van

They are light enough to take onto upper building floors and powerful enough to keep up supplying mixed material all day

Mixing is continuous and another bag can be run through the mixer while the first mix is being applied

APPLICATIONS

- mix powders & coatings
- tile cements & adhesives
- latex & floor coatings
- heavy bodied paints

Automix 65 Tub Mixer 1500w

Speed 50rpm

Weight 26kg

Mix capacity 20kg

Output 400kg/hr

Noise level 72dBA

Voltage 110v or 230v

Automix 65

AUTOMIX 65 LTR TUB MIXER

MTM65 TOP ENTRY TUB MIXER, for plasters, cements, paints & grouts

ROTAMIXER FORCED ACTION DRUM MIXER

RM32 ROTAMIXER

- compact forced action mixers
- stainless steel paddle
- L shape paddle for full sweep mix action
- paddle adjustable for heavy & liquid materials
- clean sweep of both side & bottom of drum
- steel or stainless drums
- easy clean & low maintenance

The RM Drum Mixer is solidly built with a compact all steel frame; it is easy to clean and gives an excellent mix

The rotating drum produces a centrifugal action and the stainless steel paddle mixes right to the centre of the drum. The angle of the paddle is adjustable for liquid and heavy materials

The technically designed stainless steel L shaped paddle generates a radial and axial mix action that will mix right up to the drum sides and sweep clean the base

The mixer uses a 1.1kw heavy duty motor and gearbox which is more powerful than similar machines

This ROTAMIXER RM32 uses a 32 ltr steel drum and is for one bag mixes of mortar and epoxy, floor paints and coatings

APPLICATIONS

- mixing cement mortars
- epoxies & resins
- latex & self levellers
- heavy bodied paints & coatings
- mix quantity 1 bag

ROTAMIXER RM32 1.1kw

Speed 55rpm

Machine weight 56kg

Size WxL 55x1700mm

Height 870mm

Paddle L shape

Capacity 15-30kg

Output 600kg/hr

Noise level 65dBA

Voltage 110v or 230v

| 323220 | stainless steel mixing drum | RM32 | 360mm | 360mm | 29.00 |

ROTAMIXER FORCED ACTION MIXER

RM65 ROTAMIXER

- robust forced action mixers
- stainless steel paddles
- twin paddles for thorough mix action
- radial & axial mix, turns & lifts material
- paddles are adjustable
- easy clean & low maintenance

The RM65 is a robust forced action mixer designed to mix all those materials that can't be successfully mixed in a conventional free-fall cement mixer

The rotating drum produces a centrifugal mix and the technically designed paddles generate a radial and axial action. The machines are easy to clean and maintain; replacement mix tubs are economically priced

The machine includes redesigned stainless steel paddles, an L shaped side paddle and a rotary claw paddle; the paddles mix right up to the tub sides and base

The RM65 is a compact forced action mixer for up to two bags of repair and fibre filled mortar, grout, epoxy, resin, latex and coatings, cements, adhesives and special plasters

When ordering the 55 ltr stainless steel drum, the L shape side paddle is also required (703306)

The RM65 has a 1.5kw high torque motor and sealed gear box; 110, 230 and 415 volt motors are available

APPLICATIONS

- cement & mortars
- epoxies & resins
- latex & self levellers
- adhesives & sealants
- heavy bodied paints & coatings
- mix quantity 2 bag

ROTAMIXER RM65/2 1.5kw

Speed 55rpm

Machine weight 78kg

Size WxL 60x1300mm

Height 940mm

Paddles L & X shapes

Capacity 30-70kg

Output 1200kg/hr

Noise level 67dBA
