

# RENDER & BACKING COAT MIXER

## RMX100 ROTAMIXERS

- heavy duty rotary three paddle mixer
- uniform & consistent mixing
- bottom outlet for discharge into barrow
- for dry & bulk mixes
- sand & cement renders
- colour through & polymer renders
- polymer screed & mortars
- backing coat plasters
- easy to clean, low maintenance

The RMX100 is a compact pan mixer with a large capacity drum, three adjustable paddles driven by a powerful electric motor

The mixer is fitted with an extra pair of wheels at the top of the machine so that it can be easily rolled into the back of a small van or estate car

This mixer is powerful enough to mix the heaviest render, mortar and screed; it can mix materials with aggregate up to 8mm

The 110 volt model is fitted with a 32 amp plug and needs to run off a 5kva transformer

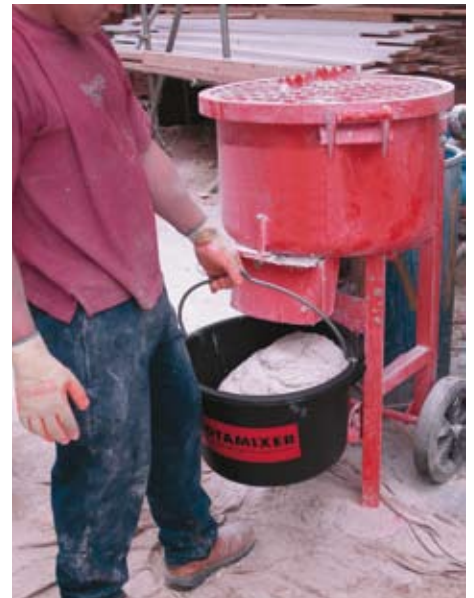

RMX100 1.5kw
Speed 42rpm
Machine weight 80kg
Size WxL 69x72cm
Height 120cm
Paddles 3 blade
Capacity 30-90kg
Output 900kg/hr
Noise level 71dBA
Transformer 5kva, 32 amp plug

## APPLICATIONS

renders & lime mortars	✓
repair mortars	✓
floor screed & polymers	✓
