

SCREW SPRAY PUMPS

Screw Spray Pumps

- hopper feed screw pump
- for spraying & applying
- cements & plasters
- fire proofers & intumescent paints
- waterproofing renders
- high build coatings & textures
- for pumping & injecting grouts

The screw pump has a stainless steel hopper, variable speed output and reduction gearbox and electric motor that can pump up to 10 ltr/min

The standard motor supplied is 110 volt 1.5kw that will run off a single phase supply

The pump is fitted with a 2" diameter stator

The screw pump uses the mono pump principle, with rotors and rubber stators to pump and spray heavy bodied coatings, finish plasters and waterproofing render, fireproofing and textured paints, grout and cement coatings

Spray pump TX54 1.5kw

Machine weight 80kg

Size WxL 58x120cm

Height 70cm

Hopper tank 50 ltr

Pump output 2-10 ltr/min

Noise level 59dBA

Transformer 5kva, 32 amp plug

Air required for spray gun 240 ltr/min @ 4 bar

Compressor required 1.5kw

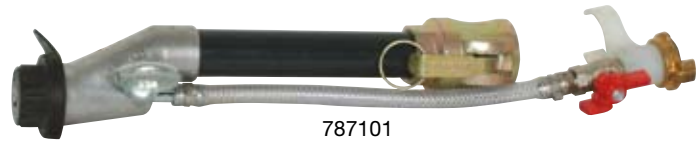

783010
spray pump

APPLICATIONS

fireproof coatings	✓
heavy bodied coatings	✓
finish & spray plasters	✓
textured coatings	✓
waterproofing & tanking coatings	✓

SCREW PUMPS

SCREW SPRAY PUMP, variable speed output, for fireproofing, cementitious coatings & spray textures

Stock no	Description	Power	Weight	Pump output	Hose Ø	Hose length	£ ex VAT
783010	TX54 spray pump, 2" stator	1.5kw	80kg	2-10 ltr/min	19mm	5m	2495.00

SPRAY GUNS

SPRAY LANCE for high build coatings, cement paints & textures

Stock no	Description	Nozzle	Air cap	Air consumption	£ ex VAT
141499	lance spray gun	8mm	round pattern	240 ltr/min @ 4 bar	259.00

SPRAY LANCE for high build coatings, cement paints & textures

Stock no	Description	Nozzle	Air cap	Air consumption	£ ex VAT
787101	plaster spray gun	10mm	spatter	140 ltr/min @ 4 bar	79.00
