

FLOOR SCABBLER-PLANERS

ELECTRIC FLOOR SCABBLERS

- for planing & reducing concrete & asphalt
- removing floor paints, coatings & toppings
- strip road markings
- key surface for anti-slip finish
- range of cutter options available
- adjustable depth control & quick lift drum

The machines use shaft mounted rows of cutters on a rotating drum to scabble and key concrete surfaces and remove floor coatings

A range of cutters are available to give different finishes and work on various surfaces

The RWG180 uses the eight point TCT mini cutter to hammer andpeen the surface

These cutters are durable and cost effective and are the type to use for reducing floor toppings and coating; they leave a lightly roughened finish

Prep rate up to 40m²/hr

APPLICATIONS

- for planing off concrete & laitance
- prepping epoxy & latex
- resurfacing old concrete & slabs
- taking off concrete surface laitance
- stripping floor coatings & paints
- removing membranes & hardeners
- taking off adhesives & sealers

RWG180 Floor Scabbler 1.1kw

Speed 1400rpm

Weight 45kg

Size WxL 39x84cm

Height 102cm

Drum width 180mm

Prep rate 40m²/hr

Vibration level 8.5m/s

Noise level 89dBA

Voltage 110v or 230v

Transformer 3kva, 16 amp plug
