

NEW

NEW FEATHER EDGES

- new eagle grip profile
- the most rigid & lightweight profile
- perfectly balanced
- for levelling & ruling off
- plaster & render
- floors & walls

The new eagle grip shape profiles are feather edges produced from precision aluminium extrusions with plastic end caps

The shape guarantees rigidity and lightweight and the rounded hand grip shape is easy to hold and use. They are for finishing and levelling plaster and render, wall and floor surfaces.

Eagle grip profile
