

## REFINA Paddle Mixers

MEGAMIXERS™ are robust, durable paddle mixers, part of the largest range of technical mixing equipment in the UK

The paddle mixers will thoroughly mix all those materials that can't be properly mixed in a free fall cement mixer including plasters, bagged renders, repair mortars and epoxies

Modern building materials are supplied pre-bagged and require thorough mixing to get the best results - poor mixing and batching is one of the most common causes of material failure

The REFINA mixer range is designed to give our customers reliable, well priced equipment; all products are backed by prompt service and economic spares prices.

MEGAMIXERS™ are produced by EIBENSTOCK Germany, Europe's leading mixer drill manufacturer. Customers get a genuine German made power mixer and paddle and a first class back up service

MEGAMIXERS™ originally sold in the mid 1980's are still working today and being serviced by REFINA

## Service

MEGAMIXERS™ are the best selling power mixers in the UK and backed by REFINA's service guarantee

REFINA mixers are available for hire or sale from merchants and equipment specialists across the UK mainland

We would expect to service a power tool within 24 hours of receipt. If we cannot repair a MEGAMIXER™ promptly, a loan machine can be arranged. REFINA offer a range of fixed cost service charges, a maximum repair charge limit and also a part exchange option

## Technical Information

All MEGAMIXERS™ have soft start variable speed to minimize splashing on start up

Power mixers are supplied in either 110 or 230 volt. The 110 volt models are fitted with a 16 amp yellow plug; a transformer is required to use 110 volt power tools which are intended for site use. If using a 230 volt power tool, an RCD is recommended

The capacity of the mixer drills is estimated in kilograms. Most bagged plasters and cements are now supplied in 25kg bags

## MM30/2 1800 WATT H HANDLE

- heavy duty plaster & mortar mixers
- powerful motor & long life two speed gearbox
- soft start, low splash
- H handle for easy & comfortable handling
- high torque, slow speed for powerful mixing
- smooth, lump free mixes
- large range of interchangeable paddles
- guaranteed German made mixers & paddles

The plastering and rendering trades' favourite MEGAMIXER, the MM30/2 is a well proven and robust power tool with an 1800 watt motor that will generate a fast, thorough mix action for consistent results. The H handle gives easy handling and a comfortable work position; the H frame helps protect the power tool from knocks and damage

All MEGAMIXERS have soft start variable speed, that minimises splashing when starting. The power mixers are supplied with an MR3 spiral paddle that is the most efficient for converting power tool torque to an easy and consistent mix action

With its heavy duty 1800 watt high torque motor and two speed gearbox, this is the most powerful mixer for contractors requiring constant output

The two speed mixer MM30/2 is best for mixing heavy materials and large volume mixes including plasters, hardwall and bonding, external renders, floor screed, repair and epoxy mortars. Importantly it will easily handle a four bag mix without struggling and it will do it day in, day out

### APPLICATIONS

- mix finish & backing plaster
- render & external wall insulation
- mortars & epoxy
- floor screed, latex & coatings
- heavy bodied coatings & paints
- mix quantity 4 bag

MEGAMIXER MM30/2 1800w

Two speeds 230/560rpm

Weight 7.2kg

Paddle MR3 160G 6¼"

Capacity 50-100kg

## MEGAMIXERS H HANDLE

### MEGAMIXER with paddle, H handle, variable two speed, soft start

Stock no	Description	Power	Weight	2 speed	Paddle	Mix	£ ex VAT
45303160	MM30/2 two speed mixer drill	1800 watt	7.2kg	230/560rpm	MR3 160G 6¼"	50-100kg	379.00

### QUICK CHANGE PADDLE CONNECTOR for use with M14 mixer drills

Stock no	Description	£ ex VAT
000201	quick change connector, 2 part kit	19.00
000202	adaptor tailpiece for use with extra paddle	9.00

## MM21 & MM22 1150 WATT H HANDLE

- medium weight plaster & mortar mixer
- powerful motor & long life gearbox
- soft start, low splash
- H handle for easy & comfortable handling
- high torque, slow speed for powerful mixing
- smooth, lump free mixes
- large range of interchangeable paddles
- guaranteed German made mixers & paddles

The MM21 & MM22 MEGAMIXERS are medium weight power mixers with H handle, all metal gearbox and reliable 1150 watt motor.

They generate a fast, thorough mix action suitable for modern plasters and building materials

All MEGAMIXERS have soft start, variable speed, that minimises splashing when starting

The H handle gives easy handling and a comfortable mix position; the frame protects the power tool

The power mixers are supplied with an MR3 spiral paddle but can also be supplied with a variety of different paddle designs

The two speed MM22 with the extra slow speed will mix both heavy mortars as well as lightweight powders, plaster, bonding, drylining adhesive and epoxy coatings, liquid and stiff mixes

### APPLICATIONS

- mix finish & backing plaster
- render & external wall insulation
- mortars & epoxy
- floor screed, latex & coatings
- heavy bodied coatings & paints
- mix quantity 3 bag

## MM29/1 1800 WATT D HANDLE

- powerful 1800w motor, soft start, low splash
- solidly made, hard working power tool
- heavy duty motor & long life gearbox
- back & hoop handle mixer for easy handling
- high torque & slow speed for heavy materials
- large range of paddle sizes & designs
- reliable power tools with fast service backup
- guaranteed German made mixers & paddles

The MM29/1 is a single speed power mixer with slow speed, high torque gearbox, 1800 watt motor, soft start variable speed and spiral mixer paddle

The D handle gives easy handling and a comfortable mix position

It's simple robust design makes it a powerful and reliable power tool for contractors mixing large volumes of similar materials

It is supplied with an MR3 160G 6¾" paddle and is best for mixing heavy materials including hardwall and bonding, polymer renders and EIFS, floor screed, epoxy and repair mortars

### APPLICATIONS

- finish & backing coat plaster
- render & external wall insulation
- mortars & epoxy
- floor screed, latex & coatings
- paints & heavy bodied coatings
- mix quantity 4 bag

# PLASTER & MORTAR MEGAMIXERS™ D HANDLE

## MM19 1000W D HANDLE

- back & hoop handle mixers, easy handling
- powerful motors, soft start, low splash
- smooth, lump free, creamy mixes
- MR3 spiral paddle for plasters & mortars
- large range of alternative paddle designs

The MM19s are D handle power tool mixers

The MM19 Megamixers combine a simple well proven design, reliable gearboxes and powerful 1000 watt motors

The MM19 will mix Artex, finish and browning plasters, bonding and drywall adhesive, floor coatings and epoxy paints; it is ideal for one and two bag mixes

The MM19/1 is our best selling multi purpose mixer for the plastering and general building trades

The MM19/2 with the faster second speed is for self-levelling cement based floor toppings and latex

### APPLICATIONS

- finish & backing plaster
- mortars & epoxy
- floor latex & coatings
- paints & heavy bodied coatings
- mix quantity 2 bag
